## Policy projects

Effects of different types of unemployment benefit sanctions

with Patrick Arni, Boris Kaiser (BSS), Rafael Lalive, Markus Wolf

Jun 2025

- Commissioned by the Swiss State Secretariat for Economic Affairs
- I contribute by using admin data and job platform click data to measure the effect of sanctions on search effort

Swiss Job Tracker

with M. Bannert, D. Kopp, M. Siegenthaler, S. Thoeni, J Winkelmann

launched Dec 2022

- A real-time index of open vacancy postings in Switzerland aggregating scraped data from 70 job portals and 50K company webpages.
- I implemented an algorithm that deals with scraper issues and unstable job portals in real-time to obtain a clean index
- Dashboard. Github page with open-source R-code. Media coverage example

Die Schweizer Selbständigerwerbenden im Covid19-Lockdown.

with Marius Brühlhart, Rafael Lalive, Michael Siegenthaler

Two waves, Apr & Oct 2020

- Data sources: Survey among self-employed
- Media coverage in NZZaS. Link

Demographics and household savings over the life-cycle

with Miriam Koomen

2018

- Data sources: Swiss Household Budget Survey (HABE)
